SINGLE COPY 10¢

STREET PAVING BEING INSPECTED by Bay St. Louis City Council Tuesday. Gulf Paving Company has started work in full operation with their paving contract with the

city of Bay St. Louis, Mayor Warren Carver, Commissioner William M. Frisbie, and Commissioner Andre Arcobucci inspect work being done on deMontluzin Street.

Mayor Carver Reports Progress On City Streets

There are approximately 30 miles of streets within the city limits of Bay St. Louis, according to Mayor Warren Carver who is presently working closely with the Gulf Paving Company in an effort to improve street conditions with all deliberate speed. Mayor Carver explained that the Gulf Paving Company, located on Central Avenue, was the lowest bidder

when the contract was let in the amount of \$750,000 for the street improvement and paving program. J. C. Richard & Associates, Thurman Parker, Jim Harris together with the mayor are concentrating on the paving project now in progress on Dunbar, one of the city's main traffic routes. Other paved streets within the city are St. George, St. Charles, Main, Second, Third, Washington and de Montluzin. However, Main and Dunbar are not included in the current paving contract, according to J. C. Richard, project representative.

Insurance Hearing Friday

Hancock County's turn at airing complaints on insurance problems related to hurricane Camille will come up Friday morning.

The county board of supervisors announced the hearings will begin at 9 o'clock in the courthouse area.

Since the courthouse was damaged by Camille, a courthouse spokesman said the hearings may be held in a trailer building on the site.

This hearing continues a series conducted on the Gulf Coast by State Insurance Commissioner Walter Dell Davis.

Davis resumed hearing complaints from Coast people Tuesday afternoon at Edgewater Gulf Hotel at Biloxi.

Prior to Hurricane Camille most of these streets were in fair to good condition, however, heavy equipment with an excessive amount of traffic together with some excavating done to correct water leaks and sewerage problems has caused ruts, pot-holes, cracking and crumbling of the street surfaces. In some cases temporary measures are being resorted to such as filling in holes with clay and pea gravel. The mayor says he is aware that this procedure is not very satisfactory and to an extent a waste of money, however, it does give some traffic relief. A more permanent type of patching with the use of asphalt would be prohibitively expensive, says Mayor Carver, who went on to explain much work is required in preparation for the asphalt fill and this involves labor costs. Also the worn street surfaces are to be eventually replaced with new surfacing.

In deciding which streets are to be done first, the major factor is public use. A study of traffic has been made and the first streets to be paved are, of course, those most frequently used by the general public. Mr. Richard said traffic on the beach was virtually nil since whole sections were virtually destroyed by wave-wash during the storm. Traffic is now routed down Dunbar, Hancock, Sycamore and Booker. This week the black base layer was applied on deMontluzin from North Second Street to the Beach. Plans are to apply the base on several other streets before applying the top surface. This method simplifies procedure and makes the work go faster. The original schedule for the work was outlined and approved prior to Hurricane Camille and Mr. Richard says the outline will be followed as nearly as possible.

Weather is an important factor in determining the date of work completion. Rains on Tuesday slowed down the surfacing when crews were forced to stop before noon.

Mayor Carver expressed satisfaction concerning work done on clearing roadsides and natural drains. They are all cleared or in the process of being cleared," he affirmed.

Editorial

Civic Pride... What About The Signs

As this issue of the Sea Coast Echo goes to press 104 days have gone by since ravaging, destructive, hurricane Camille with raging winds and unprecedented tides laid waste our city, uprooting ancient trees, sweeping away streets, highways, bridges, homes and businesses and leaving desolation, misery and grief in her wake. For the most part the streets are clean again, the beaches are white, businesses are re-establishing, housewives are cleaning their windows and gardeners have the good feel of the spade turning up rich earth for planting seeds for tomorrow's beauty. Our town has adopted a building code that should make ours a "model" community. As our Governor predicted, the Coast is rebuilding -- and rebuilding better. Just one thing worries us. What about all those ugly little signs that were home-made and poorly lettered? Will they spring up again tacked to posts, trees, fences and make the town look cluttered? What about the big bill boards that blot out the view and were a traffic hazard? Could our city planners include a sign law at this time of reconstruction to insure that the signs of our town would reflect good taste of people of discrimination? Better signs could attract better people to a better community!

Police Investigate Spanish Acre Thefts

The residents in the Spanish Acres subdivision just off the Old Spanish Trail reported break and entry thefts from their homes occurring during the morning hours of November 11, J. M. Bermond reported as stolen an RCA television, three boxes of coins, dimes, quarters, half dollars and silver dollars amounting in the aggregate to some \$400 as

well as between \$40 to \$50 in bills of from \$1.00 to \$5.00 in denomination. Missing from the home of John Blanchett was a television and approximately \$15 in cash.

Police officers making investigation of the entries included Bob Goodsell, Alvin Favre, Eric Necaise and Leroy Necaise. These men were joined by Alton Lumpkin of the Sheriff's Department who took some finger prints that have now been sent to Jackson for processing. Bermond explained to a reporter of The Echo that entry was made at the rear of his residence where a window screen had been pried loose and the window jimmied open. He said the theft was not covered by insurance and it was presumed that the thief carried the money and T.V. set out the back door and to a waiting car. Just behind the Bermond home in a wooded area having a trail-like road, a deep gulch, and a dilapidated barn-like building made of junked corrugated roofing. All of these obstructions to view would make it relatively easy for a day-time robbery to go undetected. Officers made a wide search of the area, however, no arrests have been made.

Growth Program Planned By Board

The Hancock County board of supervisors met Monday to assess progress and make plans for a major growth program for the county.

The board adopted a resolution to make a long-range planning study in coordination with the Gulf Regional Planning Commission.

Board president Russell Elliott said, "We are trying to grow." In that growth plan he said Kila and Pearlington figures prominently.

The supervisors authorized engineer Albert Switzer of New Orleans to make a feasibility study and furnish a report on a water and sewer district for the two outlying communities. High on the list of plans for the board is restoration of the destroyed beach road. Engineer H. C. Malachuk has been requested to complete a study on road damage and rebuilding needs for the road, between

Bayou Caddy and the Jordan River.

General Electric Company was earlier authorized to undertake a massive plan aimed at facilitating Hancock County's state and federal aid program.

Elliott explained that the county does not plan to scatter its requests and perhaps weaken its chances for government aid. He said, "We're going to make one request for one amount rather than one little one for this and one little one for that." The supervisor said one well planned effort might meet with success where many small poorly planned efforts might spell failure for all.

The board Monday appointed Elliott and Charles Hill, port and harbor director, to apply to the Economic Development Administration for funds to complete the county's port and harbor. The facilities had a good start before Camille.

OLG PARENTS CLUB

Our Lady of the Gulf Parents Club will meet at 8 o'clock tonight in the school cafeteria.

All members are asked to attend.

CHRISTMAS TREE SELL

Our Lady of the Gulf CYO will sell Christmas trees beginning two weeks prior to Christmas to raise funds for St. Joseph's Chapel on Dunbar Avenue. More details will be announced later.

OLG SOCIAL

Our Lady of the Gulf will hold its next Parish social at 7:30 p.m. Sunday, November 23 in O.L.G. School cafeteria.

Further details will be announced in a letter to Parishioners this week.

POSTOFFICE HOLIDAY

The Postoffice will be closed all day Thursday, November 27, in observance of Thanksgiving Day. There will be no window delivery or route deliveries. Mail will be received and dispatched on regular holiday schedule.

OCTOBER ALTAR BOY

Rev. John Noone, Our Lady of the Gulf Altar Boy moderator, announced the selection of Lee Hayden as Altar Boy for October.

Frank Langenbacher received the honor in September.

News Briefs

Students at Christ Episcopal Day School will be off Thursday and Friday, November 27 and 28, for Thanksgiving holidays.

Our Lady of the Gulf will disburse classes at noon Wednesday, November 26, and resume classes Monday, and St. Rose de Lima School will close Thursday and Friday.

CHRISTMAS TREE SELL

Our Lady of the Gulf CYO will sell Christmas trees beginning two weeks prior to Christmas to raise funds for St. Joseph's Chapel on Dunbar Avenue. More details will be announced later.

OLG SOCIAL

Our Lady of the Gulf will hold its next Parish social at 7:30 p.m. Sunday, November 23 in O.L.G. School cafeteria.

Further details will be announced in a letter to Parishioners this week.

POSTOFFICE HOLIDAY

The Postoffice will be closed all day Thursday, November 27, in observance of Thanksgiving Day. There will be no window delivery or route deliveries. Mail will be received and dispatched on regular holiday schedule.

OCTOBER ALTAR BOY

Rev. John Noone, Our Lady of the Gulf Altar Boy moderator, announced the selection of Lee Hayden as Altar Boy for October.

Frank Langenbacher received the honor in September.

600 EAT FRIED CHICKEN

Saturday November 15, 1969 approximately 600 persons partook of the Annual Fried Chicken Dinner -- 400 on the premises and 200 carry-outs served by Christ Episcopal Church's "Women Of The Church." It was served as usual in Our Lady of the Gulf School Cafeteria.

Episcopal men cleaned the chickens and helped with the work while another usual feature was trying the chickens by Hancock County's premier chef, Big John Ruthford who "did his thing."

Symphony Concert

The sixth annual Student Concert for students in the Gulf Coast community will be presented on Monday, November 24 by the New Orleans Philharmonic Symphony Society beginning at 1:30 p.m. in the Bay St. Louis Junior High School Gymnasium. This will be the first complimentary performance ever given in the Bay St. Louis area by the Symphony. Wm. B. Burkhardt, Jr., president of the Symphony, said, "Now, more than ever before, these children need the beauty that great music can bring into their lives." He referred, of course, to the traumatic experience felt by the children during and following Hurricane Camille. The Symphony Society felt Camille did much emotional and psychological damage and the healing therapy of music would be a rewarding experience for the musicians who will perform under Maestro Werner Tormadow and give freely of their time and talents.

Since the first concert of this kind students have benefitted from a special student-price ticket and so popular has been the concert until seating room has been inadequate. One year 1,800 students attended and it was felt the over-crowding created hazardous conditions. Admission to this year's performance is limited to 1,200 students who have been selected on a pro-rata of previous attendance basis. 15 schools will be represented including 8 from Long Beach, 1 from Pass Christian and 6 from the Bay-Waveland area.

Managers of the Coast Area Concerts include Mrs. E. K. Samuel, Father Charles R. Johnson, and Mrs. G. P. Stanton, Octave Delph serves as treasurer. Mrs. Stanton, an instructor in Christ Episcopal Day School said, "Many children of our area had never heard a concert until the first performance of this group six years ago. It was an experience of immediate rapport between conductor and audience. Last year when questioned as to the number who had never before attended a live performance very few hands went up." This year the program will be lively and light-hearted.

GULF PAVING WORKMEN getting street paving machinery in high gear on Bay St. Louis streets this week. Approximately 30 miles of streets are to be paved in the city limits of Bay St. Louis. The street paving project had been started prior to Hurricane Camille, but was interrupted for several weeks following Camille.

Bay St. Louis Council Reports

SALES TAX COLLECTIONS STATISTICAL INFORMATION

MONTH OF SEPTEMBER 1969

	Population	Tax Coll.	Per Capita
	1960	Sept. 1969	Collection
Bay St. Louis	5,073	\$ 12,034.40	\$ 2.37
Other Municipalities of Comparable size:			
Oxford	5,283	22,803.78	4.32
New Albany	5,151	15,180.06	2.95
Louisville	5,066	17,456.70	3.45
Ocean Springs	5,025	12,529.07	2.49
Philadelphia	5,017	15,452.36	3.08

Sales Tax collections in Bay St. Louis dropped from \$14,899.91 during the month of August, 1969 to \$12,034.40 in September, 1969, or a decrease of 19.45%. Total collections for the two months amounted to \$26,974.31. The per capita collection in September 1969 in the city was \$2.37 as compared to August's per capita of \$2.95.

The above schedule shows how our own municipality compares in sales tax collections with other Mississippi cities of comparable population. Of the six cities listed, Bay St. Louis' total tax collections were lowest in dollar amount and lowest in per capita payments.

The above schedule was compiled by the City of Bay St. Louis as a matter of public interest.

ENTERTAINMENT PLANNED

Friday, November 28, Our Lady of the Gulf CYO members will hold an entertainment for the benefit of the St. Joseph's Chapel. For tickets call 78-1111.

VETERAN ACTOR Harold Powell and star of the show Terry Malone II rehearse a scene from the comedy "Enter Laughing" opening tonight at the Little Theatre.

Distribution Center Receives Paint Job

Space not available in the U. S. N. Depot for the use as a distribution center for clothing and items needed by victims of Hurricane Camille has been recently painted through the joint efforts of Mrs. Leo Seal, who furnished the paint and prison labor who did the painting of the rooms under the supervision of chief of police Bob Goodsell. Earlier announced opening date for the center was postponed in order that the facilities might be painted and proper appointments added for storing and handling of garments.

Farm - City Week November 21-28

L. A. Sparkman, U. S. Department of Agriculture Soil Conservation Service points out that the week of November 21-28 is Farm - City Week and that President Nixon urges all Americans to participate in this National Farm - City Week observance. The President pointed out that our agricultural efficiency in recent years has made it possible for fewer people to achieve record food production.

W. J. Pippin, Chairman of the Hancock County Soil and Water Conservation District said that the theme of Farm - City Week is urban and rural interdependence and that this interdependence has made America the greatest nation in the world.

He also stated there is a need to plan more effective use of our land, conserve our natural resources and protect the quality of our environment.

Hilton Shaw, Forestry advisor to the County Soil Conservation District said that relative to Farm - City Week that a great understanding is needed between urban and rural America which will become more evident as time goes by since more people look to rural areas for fun and relaxation.

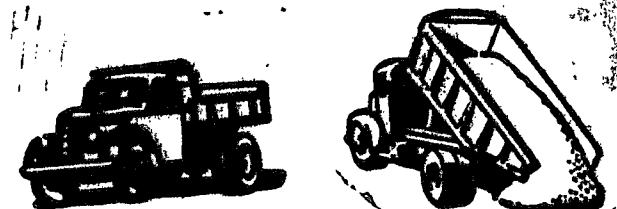

Cub Scout Den Meeting Weekly

Pack 208 of the Cub Scouts is sponsored by the American Legion with Warren Healer serving as the group and Bob Harvey as Cub Master. Reports are that boys are being accepted anytime after their seventh birthday and through the age of nine years.

Weekly meetings are held in the homes of Den Mothers. Mrs. Rod Hardie with her assistant Mrs. Tommy Boykin have five boys in their group and have had a second meeting. They meet in Mrs. Hardie's Wave-land home at three o'clock in the afternoon on Mondays.

Mrs. R. M. Fleming, Jr., and her assistant Mrs. James Walden meet on Thursday afternoons at 3:30 in Mrs. Fleming's home located at 118 Jeff Davis Avenue in Waveland.

A pack meeting date for the Cub Scouts is now in the planning stages.

Encouraging Reports On Timber Salvage

In a statement made late last week State Forester Wendell D. Lack of Jackson said, "Our entomologists working closely with other forest insect and disease experts from the U.S. Forest Service and the Forests Products Laboratory are keeping a check on the deterioration of damaged timber in the disaster area. So far, they have given us very encouraging reports as to the amount of time left during which

the damaged timber will still be usable."

A report issued by the Governor's Forest Disaster Salvage Council last month revealed that recovery of storm-wrecked timber could continue for some time, barring the occurrence of prolonged spells of unseasonably warm weather.

Forest industries in the area have indicated that they will continue buying as much storm damaged wood as possible for the foreseeable future. Already some 325,000 cords of pulpwood and an estimated 50 - 60 million board feet of sawtimber have been recovered in salvage operations. About 75 percent of this material has been gleaned from privately-owned timberland.

HIDDEN HOT SPOT FISHING
Some of the best fishing lies in the world are almost hidden by all the water around them.

Most anglers fishing the big man made lakes miss these hot spots because they spend most of their time fishing above the dam which forms the reservoir, while the best fishing is often not in the lake, but below it!

For there, in the deep pool at the foot of the dam, is where large numbers of fish tend to concentrate. The fishing authorities at Mercury Outdoors say that this is especially true of hydro-electric power dams. When the generating turbines are operating, the discharge of fresh water from the lake into the river below will cause fish to move upstream, coming right to the dam.

When the turbines are operating, the discharged water sets up odd currents and fish will move with these feeding on insects, crayfish and crinoid fish which have come through the turbines.

Visiting anglers may have a difficult time trying to judge when these good fishing times occur, so that's a few things to keep in mind if you want to try these hidden hot spots.

Southern Mississippi Economic Development District

The five county Southern Mississippi Economic Development District is an example of a new spirit of cooperation and cooperation at the local level to plan and carry out programs to improve economic and social conditions in St. Louis and Hancock County. Other counties in the District are Covington, Forrest, George, Greene, Harrison, Jackson, Jefferson Davis, Jones, Lamar, Marion, Pearl River, Perry, Stone and Wayne.

The purpose of the district program is to encourage neighboring counties to combine their talents and resources to overcome common economic problems that may be too great for a single county to solve. Eligibility is based on high unemployment or low median family incomes. EDA provides public works funds, business development loans and technical assistance to help foster industrial and commercial growth and create jobs where they are most needed.

The Federal agency also provides planning grants to help pay the administrative costs of a district organization. These funds enable the district to employ a professional staff to plan and implement projects designed to bolster the local economy. The headquarters of the Southern Mississippi Economic Development District is located at 719 South Street, Hattiesburg, Mississippi.

MISS ALICE LADNER

**Miss Ladner,
Mr. Ray, Jr
Are To Wed**

Announcement has been made of the engagement and forthcoming marriage of Miss Alice Ladner, daughter of Mr. Chris Ladner and the late Marie Ladner of Lakeshore, to Mr. Donald Ray, Jr. son of Mr. and Mrs. Donald Ray, Sr. of Waveland.

The wedding will be solemnized 8:30 p.m., December 6th, at Our Lady of the Gulf Catholic Church, Reverend McDonald will officiate.

Miss Ladner attended Bay High School and is a graduate of American Beauty College in Gulfport.

Mr. Ray is a graduate of Bay High School and is presently employed with Wilcox Electric in Waveland.

A reception will be held in the Our Lady of the Gulf School cafeteria following the wedding. Friends and relatives of the couple are invited to attend through this medium.

Senator John C. Stennis (D-Miss.) says 76 compliance forms filed by 7,103 school districts outside the South were checked by Health, Education & Welfare but all 3,994 filed from the South were investigated. Stennis says this amounts to "discrimination against one geographic area of the country."

American girls marry at an average age of 20 and boys at 23. Last year there were 300,000 more marriages in the United States than there were in 1968.

Bridge Winners

Bay-Waveland Bridge Club members played their weekly game Monday night at Ramada Inn.

Winners of the individual movement were Mrs. Mildred Means, first and Miss Amelia Scuffs and Mrs. Dale Pearce who tied for second place.

ON THE BEAUTIFUL MISSISSIPPI COAST

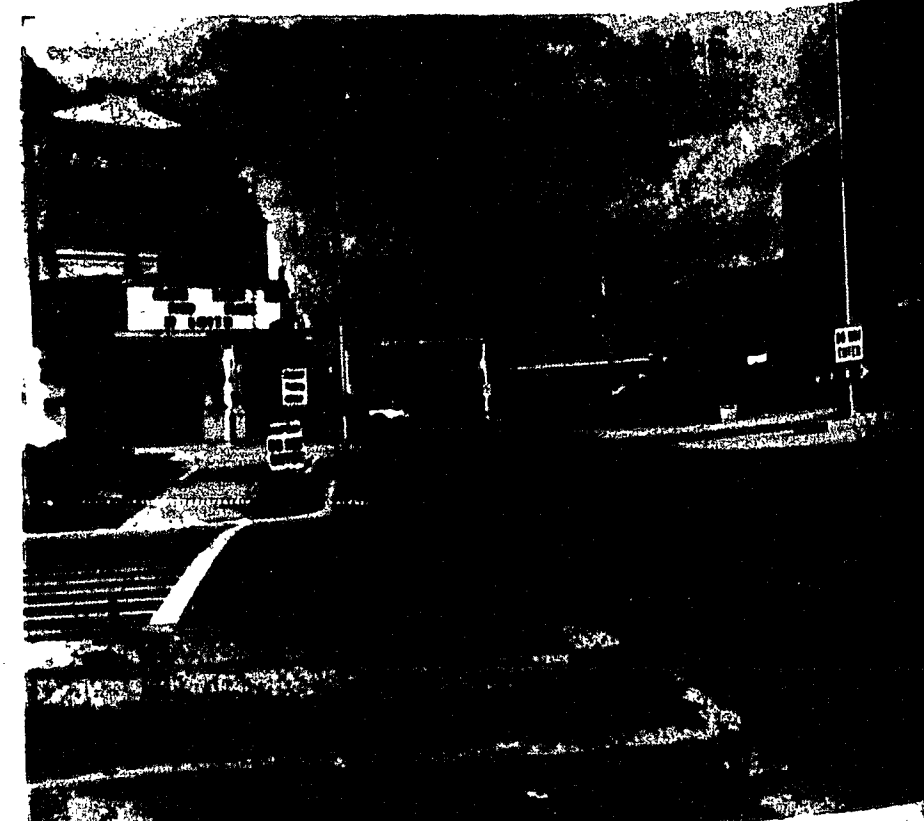

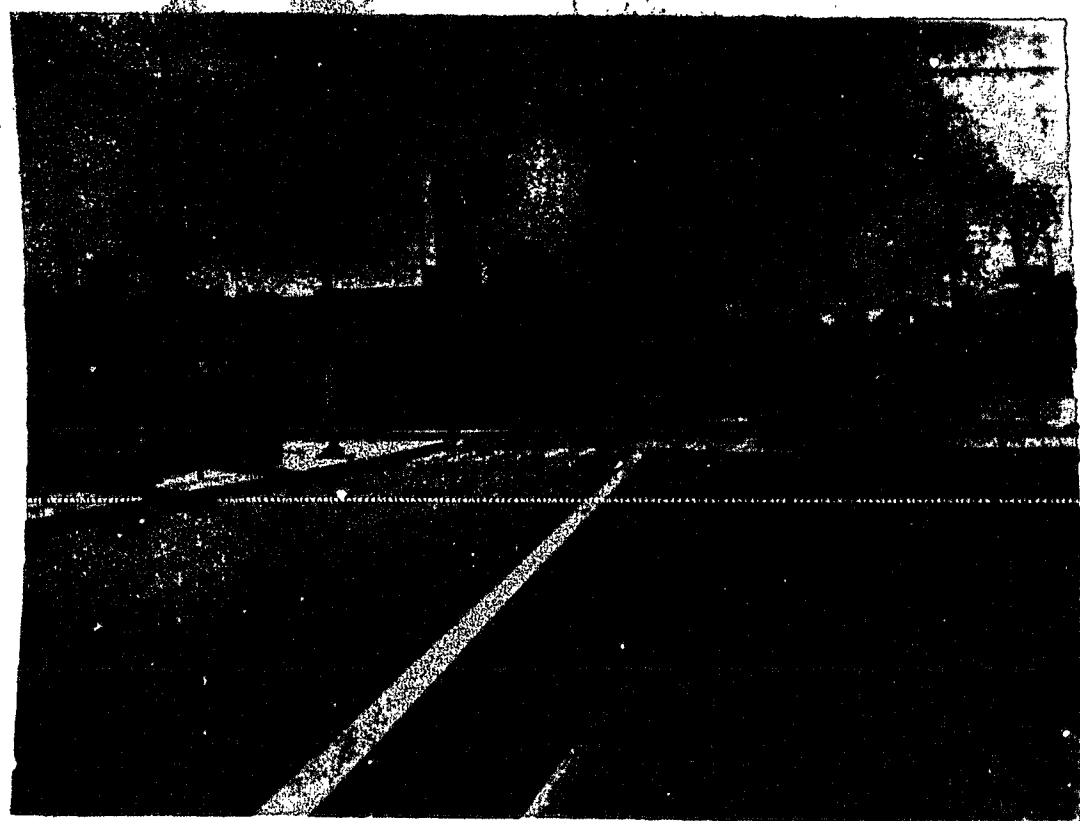

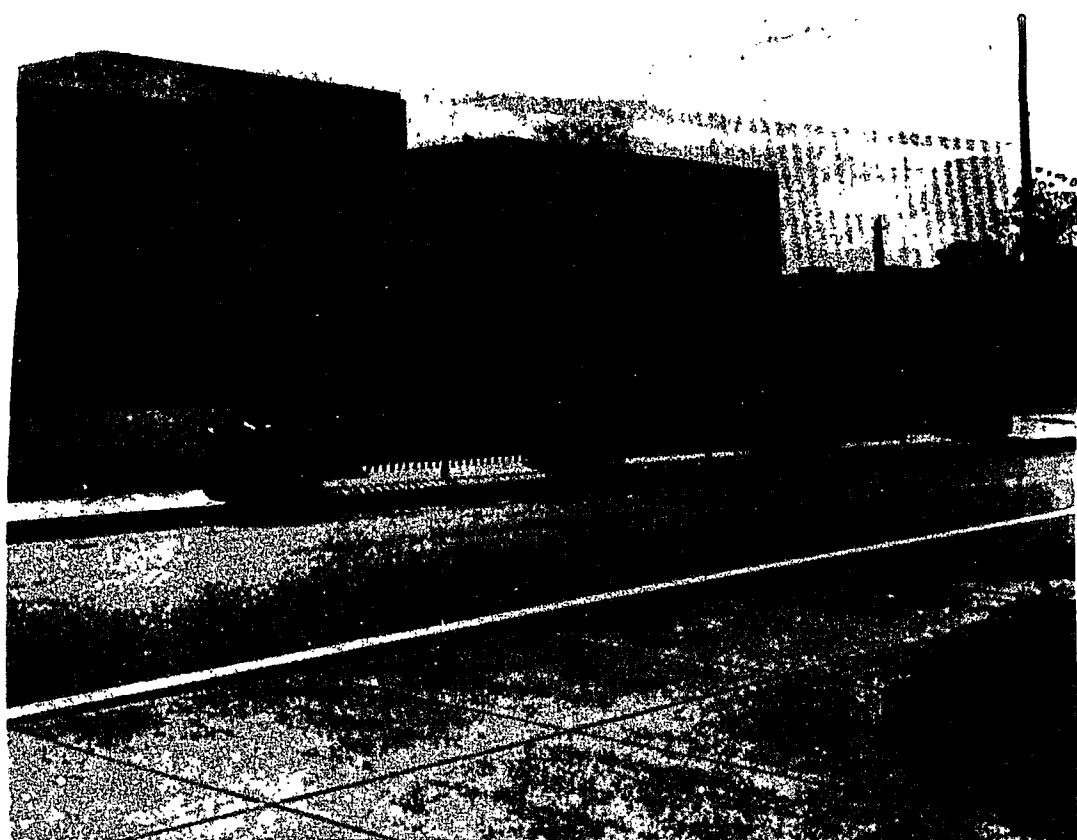

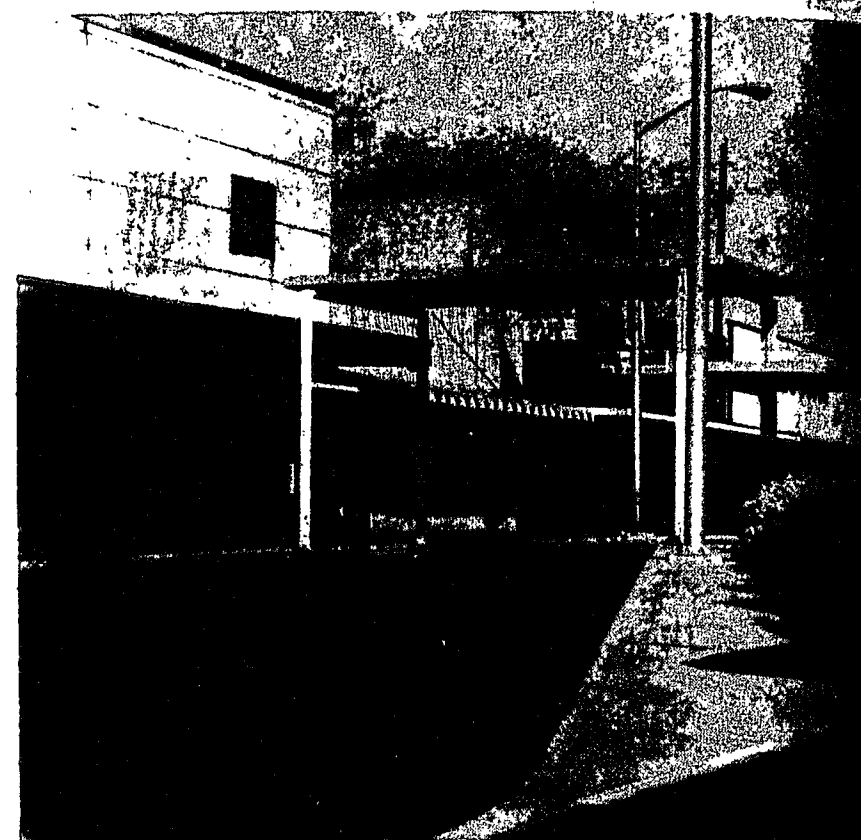

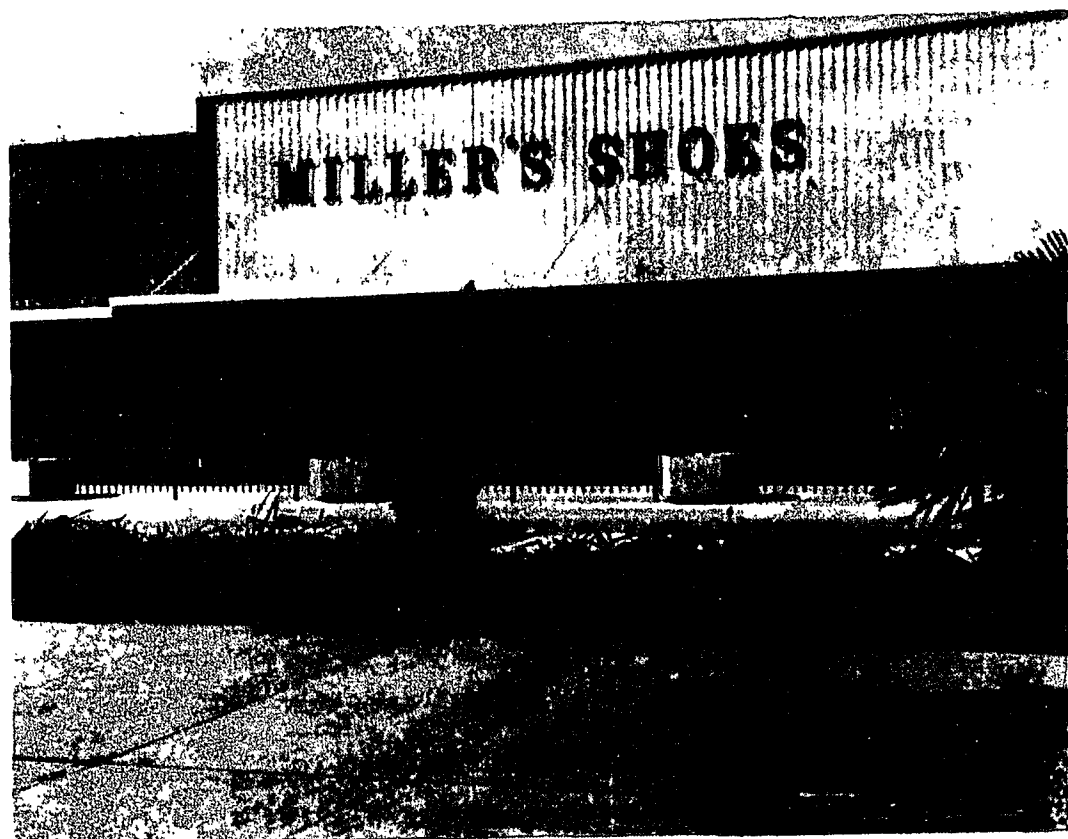

LEADER IN COMMERCIAL CATFISHING—Mississippi's first commercial catfish operations began in the Mississippi Delta in 1965 and the state now leads the nation with over 6,000 acres in catfish ponds. The annual yield is about 2,000 pounds per acre in a single growing season.—Released by the Mississippi Economic Council

EARTH'S MOST PRODUCTIVE FISHERIES—That strip of Coastline lying between Pascagoula, Mississippi, and Port Arthur, Texas, is the earth's most productive fisheries area. Only the waters off Peru can compare with it in fertility.—Released by the Mississippi Economic Council

NATIONAL HONORS TO EXTENSION STAFFS—Mississippi in 1960 became the only state in the nation that for five out of six years had one of the two county Agricultural Extension Service Staffs to receive the Superior Service Award of the U. S. Department of Agriculture.—Released by the Mississippi Economic Council.

Monti Delegation Chairman CYO Federation Convention

Forty-three delegates and representatives of the Catholic Organization of Missions will attend the Tenth CYO Federation Convention in Denver, Colorado, Nov. 20-23 leaving Jackson Nov. 20 on a chartered bus. Father Joseph Cosgrove, Diocesan Director, will accompany the group. Joe Monti, of Bay St. Louis, is the delegation chairman. More than 1,000 youths and adult delegates throughout the nation are expected to attend the Convention.

LADY OF THE GULF CYO is sponsoring the Convention. Bay St. Louis are Joe Monti, State CYO President and delegation chairman, Chuck Smith, Tim Ryan, Jules McInnis, Kathleen McGinty, Hayden and Fr. John Noonan. The Convention to be held in sections, teenage and adults, will be held at the Denver Hilton and the Con- sultant Hotel with some of the sessions scheduled at the Den-

ver Convention Center, McGr. Thomas J. Leonard, Director of the Division of Youth Activities of the United States Catholic Conference, announced the theme of the Convention is "Youth-Impact on Two Communities" and "Who Will Answer? You?"

Included in the Convention activities will be elections, panels, role playing, speakers, debates, multi-media presentations, banquets, liturgy, socials and sight seeing trips in the Denver area. Panels and workshops will cover topics of interest to the youth of today, Draft System, Peace, Leadership, Poverty, Racism, Youth and the Church, Sex, Love and Marriage, Liturgy and Role-Clarification of CYOs.

Scholarship Offers

By Leadership Fund

Fifteen scholarships, some worth more than \$10,000, each are offered again this year by the Lockheed Aircraft Corporation through the Lockheed Leadership Fund to qualified high school seniors planning to start college next fall.

These Lockheed awards provide tuition and basic expenses at major colleges and universities for four years plus \$500 a year for personal expenses. Ten awards are in the fields of engineering or science; five are in business-related fields. The purpose of the grants is to help prepare students for technical and business careers in aerospace and electronics.

Seniors who are U.S. citizens and who are eligible to start college next fall may apply, regardless of their race, color, religion, sex or national origin. They will be judged on their leadership qualities, as reflected by school grades and participation in school and community activities. Returning service men, who entered the armed forces directly from high school, also are eligible.

Since most colleges have early deadlines for the filing of applications, students are urged to contact their counselor, science teacher or principal now on how to apply for a Lockheed Leadership Fund Scholarship.

SGT. AND MRS. ROBERT NEAL GEORGE

Miss Janice Beal Is Bride Of Sgt. George

Miss Janice Marie Beal, daughter of Mr. and Mrs. Marion Beal of Bay St. Louis, and Sgt. Robert Neal George, son of Mr. and Mrs. Maurice A. George of Bogalusa, La., were married Saturday evening at her home on Railroad Avenue.

Mayor Warren J. Carver performed the double ring ceremony. Given in marriage by her father, the bride wore a street length white lace over taffeta dress fashioned on A-lines with high neck and long sleeves. She wore lilies of the valley in her hair and carried a bouquet of white roses.

Miss Marion Louise Beal served her sister as maid of honor. She wore a green peau de sole dress and carried a cascade of yellow pompons.

Roger George was his brother's best man, and ushers

were Richard George, brother of the bridegroom, of Bogalusa, La., and J. W. Cuny, godfather of the bride, Baton Rouge.

A reception was held immediately following the ceremony.

The mother of the bride chose for the occasion a blue bonded-knit dress, navy blue accessories and a white orchid corsage.

Mrs. George wore a pink suit, matching accessories and a corsage of white cymbidium orchids.

The bride's table, overlaid with a handmade lace cloth, was centered with a four-tiered cake decorated with a cascade of white spun sugar roses, and sugar butterfiles and topped with an arrangement of lilies, tulips and lilies of the valley.

English ivy and white pompons encircled the bottom tier. Silver candelabra holding white tapers completed the table decor.

The bride's godmother Mrs. J.C. Scardina of Baton Rouge served the cake and an aunt Mrs. J. W. Cuny presided at the punch bowl. The guest register was kept by Kimberly Scardina.

The bride, a graduate of St. Joseph Academy, Bay St. Louis, and Draughton's Business College, Baton Rouge, is presently employed at Snell's Limbs and Braces, Gulfport.

The groom, a graduate of Parkland High School, Lehigh Valley, Pa., is stationed with the U.S. Air Force at Keesler Air Force Base.

The couple will leave in two weeks for Plattsburg, N.Y., where Sgt. George will be stationed.

Gifts To Hospital Patients

Over four thousand patients at the Mississippi State Hospital at Whitfield are dependent entirely upon the outside community for any presents they receive at Christmas.

Aided by gifts supplied by the Community, volunteers and staff work together to see that

no patient is without a present on Christmas morning. Patients are aware that those who want to help them to well again and return to the Community to lead full and useful lives.

"Christmas would indeed be just another dreary day in the lives of the patients if it were not for the sharing of your material things with us. This surely shows the interest of you as an individual and of your community in the mental health and happiness of your fellow men and women, and you have our sincere gratitude."

says Dr. W. L. Joquith, Director of Mississippi State Hospital.

Almost any gift, especially in plastic containers, is acceptable; but some suggested are: cigarettes, boxes of candy, coddies, costume jewelry, hair brushes, hair cream, cosmetics of all kinds for men and women, postage stamps, stationery, purses, lingerie, house slippers, rain boots and coats, sweaters and pipes.

Gifts should be mailed unwrapped to Volunteer Services Dept. Attn. Mrs. Dorothy Maxwell, Director, P.O. Box 75, Whitfield, Mississippi, no later than December 10th.

The double ring ceremony will be performed by the Rev. Bernard Walton, pastor. Mrs. John McKenna, organist, will accompany Mrs. Harry Spell, Long Beach, soloist.

The bride-elect will be attended by Miss Ann Cooper of Kenosha, Wis., as her maid of honor, and her sister Cheryl Lynn Nybo will be a bridesmaid.

Mr. Lawrence Zanker of Long Beach will be Mr. Place's best man; groomsmen and ushers will be Miss Nybo's brothers Mr. Stephen Alan Nybo and Sgt. Edgar Gilbert Nybo.

Miss Nybo will be given in marriage by her father. Following the ceremony a reception will be held in the Church Fellowship Hall.

Miss Nybo, Mr. Place Reveal Plans

Miss Valorie Elaine Nybo, daughter of Mr. and Mrs. Lollyn Warren Nybo of Bay St. Louis, and Mr. Lowell Carroll Place, son of Mr. and Mrs. Sidney Carroll Place of Biloxi, will be married Friday, November 28, at 3:30 o'clock in Main Street United Methodist Church.

The double ring ceremony will be performed by the Rev. Bernard Walton, pastor. Mrs. John McKenna, organist, will accompany Mrs. Harry Spell, Long Beach, soloist.

The bride-elect will be attended by Miss Ann Cooper of Kenosha, Wis., as her maid of honor, and her sister Cheryl Lynn Nybo will be a bridesmaid.

Mr. Lawrence Zanker of Long Beach will be Mr. Place's best man; groomsmen and ushers will be Miss Nybo's brothers Mr. Stephen Alan Nybo and Sgt. Edgar Gilbert Nybo.

Miss Nybo will be given in marriage by her father. Following the ceremony a reception will be held in the Church Fellowship Hall.

ROBERT HINCKS

Local Resident With Red Cross

With more than 73,000 families affected by Hurricane Camillo's strike along the Gulf Coast of Mississippi, Alabama, Florida, and in Plaquemines Parish, Louisiana, Red Cross disaster workers of national Red Cross are hard at work planning with disaster stricken families for their return to normal living.

Robert Hincks, Red Cross worker who lives in Bay St. Louis is one of a Red Cross

RAINBOW GIRLS PARTY

The Rainbow Girls of Bay Assembly No. 42 will have a Costume Jewelry party at the home of Mrs. Clarence Batey, beginning at seven o'clock Friday night. The public is invited to attend. Proceeds from the party will go toward the financing of Rainbow activities.

disaster worker assigned to the relief operation. Robert has been working at the Bay St. Louis office preparing cost estimates of damaged and destroyed homes and businesses.

"I'm proud to help my community rebuild after such a terrible storm."

Red Cross expects to spend in the neighborhood of \$20 million dollars on the emergency aid and long-range recovery assistance disaster operation.

Red Cross assistance, an outright gift from the American people channeled through the Red Cross, may include such things as food, clothing, shelter, medical and nursing care, household furnishings, occupational tools, and repair and rebuilding of homes and other items.

To date, Red Cross has spent \$12,277,595 for assistance to Camille victims. A total of 28,889 families have asked Red Cross for help.

RECENTLY REBUILT Krewe of Nereids den, is designed to house the eight floats which will be used for the Mardi Gras Parade in Waveland, February 1. The building was completely destroyed during hurricane Camille. Also destroyed with the structure were the lovely floats which had only recently been completed.

(Ed Fayard Photo)

Krewe Of Nereids Builds Den On Waveland Site

By Joe Pilet - Staff Writer

Located on Birch Street in Waveland is the newly constructed den belonging to the Krewe of Nereids and replacing the structure that was destroyed during Hurricane Camille. This building is the first non-residential structure to be replaced in Waveland following complete demolition resulting from the storm. It is large enough to house eight floats planned for a parade to be staged by the Krewe on February 1, 1970 and beginning at 2:00 p.m. on Central Avenue. The den also has ample work and storage areas and a refreshment bar. Theme for carnival parade is planned as a surprise and members of the Krewe will devote countless hours to recreate as nearly as possible the lovely floats which were destroyed. They will work under the direction and instruction of well-known artist Ed Scanlan

of New Orleans who has earned a reputation of merit for art work done on several carnival parade floats in New Orleans as well as previous work with the Waveland organization. Ladies of the Krewe of Nereids have presented a parade for the pleasure of the populace for the past four years and feel the planned celebration is especially in order to bring diversion and relaxation and pleasure to the citizens and groups from neighboring towns who are invited to view the display. Throws and doubloons, costumes and bands, prizes and favors -- all are in the planning. This for the pleasure of the populace. For the Krewe there will be no ball. There simply isn't time or place for it, however, it is the hope of the organization that the parade can be televised and broadcast as it was last Mardi Gras.

Awards Tea Honors HGH Candy Strippers

Theresa Campino offered the opening prayer at the Candy Strippers Awards tea Saturday afternoon at Hancock General Hospital. Karen Prosser, Candy Stripper president, welcomed the mothers and Mrs. C.C. McDonald, Sr., Candy Stripper Advisor, introduced members.

An explanation of the Candy Strippers program was given by Suzanne Stevens and five members told of their duties. Janet Luxien discussed floor duty; Barbara Thornton, X-ray Department; Barbara White, emergency room; Jeannine Maguire, cheer cart and gift shop and Peggy Fewell, T.V. records.

Mrs. James McDonald presented 50 hour certificates to Carol Walley, Colette Zimmermann, Barbara Thornton, Barbara White, Joyce Zengarling, Katherine Seals, Sally Stieffel, Toni Saucier, Pat Dougherty, Denise Ladner, JoEllen Ladner, Jeannine Maguire, Carol Martin, Peggy Fewell, Janet Luxien and Donna Necaise.

Mrs. A. S. Klempeter, Hospital Auxiliary president, presented 100 hour pins to Maria di Benedetto, Patricia Dougherty, Denise Ladner, Carol Martin, Donna Necaise, Katherine Seals, Barbara White, Gail Longo, Karen Prosser, Peggy

Fewell, Joyce Zengarling, Ann Robinson, Janet Salinger, Suzanne Stevens, Carol Walley, Janet Luxien and Barbara Thornton.

Presentation of 300-hour guards were made by Mrs. Leo Senl to Christine Doré, Theresa Jones, Cheryl Nybo, Karen Prosser, Suzanne Stevens, and Carol Walley.

Betty and Kathy Vanta who earned 1500 hour guards, were absent as they have moved from this area.

A 200 hour cap earned by Barbara Thornton will be presented at the next meeting.

Following awards refreshments were served in the hospital conference room.

Bay-Wavland Garden Club Meeting Held

Mrs. Paul Miller presented a program on Artistic Design and Mrs. Augustus Elmer gave horticultural hints at Bay-Wavland Garden Club's meeting last Thursday held in Bay Senior High Home Economics Room.

Mrs. Miller who demonstrated her discussion with fall materials, urged the ladies to make the most of natural materials that are available even after the hurricane.

Mrs. Elmer who discussed ways to work in storm damaged gardens, emphasized a policy of Clean Up and Wait in order to give the soil time to recover from the salt water and salt spray before doing extensive replanting.

Mrs. Clarence Evans, president, conducted the business session.

The Garden Club will serve as sponsor for the beautification of the Bay St. Louis City Hall grounds.

During this project Our Lady of the Gulf Junior Garden Club, known as The Lazy Ladies, will work with Garden Club members. New soil, it was noted, has already been put in for their use.

A Thanksgiving theme was carried out in table decor and refreshments by hostesses Mesdames O. Duke, W.W. Balar Jr., K.T. Brelan, Paul Miller and H.D. Ogden.

'Round the Kiln

By Claire Mitchell

The first annual turkey bowl football game and dinner will be this Sunday, November 23rd. Dinner will start being served at 11 a.m. in the cafeteria. The game is scheduled for 2 p.m. Opponents will be Our Lady of the Gulf of Bay St. Louis. Tickets are available from any P-T-A member of Annunciation School, and Ace Jones president of O.L.G.'s P-T-A.

MISS HELEN NECAISE

Necaise, Jones Betrothal Told

Mrs. Elder Necaise, Rocky Hill, announces the engagement and approaching marriage of her daughter Helen to Ronald Jones, son of Mr. and Mrs. Avery Jones Sr. of Poplarville, Miss. The bride-elect is also the daughter of the late Florian J. Necaise.

Miss Necaise, a graduate of Hancock North Central School, is employed by Pass Christian Industries.

Mr. Jones attended Poplarville High School and is presently employed at Colonial Buick in New Orleans.

The wedding will be solemnized at 2 p.m., November 22 at Infant Jesus of Prague Church, White Cypress, with a reception following at the Parish Center.

As invitations are not being sent friends and relatives are invited to attend through this medium.

BAY ECHO

Maxine Robinson, 710 St. Francis St., Bay St. Louis, completed in September the requirements for the M.S. degree in education at Indiana University.

There will be a youth mass at Annunciation Church in Kiln on Sunday, Nov. 23rd, at 3:30 p.m. Everyone is welcome.

The benefit shooting match for Bernadette Necaise to be given this weekend at the home of Mrs. Herbert Necaise in Rocky Hill was postponed until further notice. Bernadette, daughter of Mr. and Mrs. Donald Necaise, has been admitted to the hospital in Mobile, and will undergo heart surgery on Thursday.

The benefit dance for the Kila V.F.W. Post No. 6285 at Deltaux School Saturday night was a big success. Music was furnished by B. J. Johnson, Picanone disc-jockey. Thanks to Father Vatter and those who made it possible.

Shower Honors Bride-Elect

Miss Valorie Elaine Nybo, bride-elect of Lowell Carroll Place, and Mrs. Lelyn Warren Nybo, Jr., a recent bride, were honored at 3:30 p.m., November 18 at a tea given by their aunt, Mrs. Edgar Loftin Jr., at her home on Ridge Road in Vicksburg. The hostesses and the bride-elect's mother were presented camellia corsages.

The tea table centered with a bowl of lavender chrysanthemums, was flanked by crystal candelabra holding white tapers, it was further adorned by a cake decorated in mint green and white.

Attending from Bay St. Louis were Mrs. Nybo and daughter Cheryl.

KANTCHA KETCHUM

By L.S. (Doc) Elliott

As predicted by the weather man cooler weather came over the weekend. Hunters and fishermen were made very happy. Cooler weather was needed for dove hunting and fishing. Even people have added to the game. When it is colder and fish and game are affected the same way in our way of thinking. Fish are harder and game are on a move.

Doves are getting more plentiful. Hunting is improving. Many flocks of geese have been seen lately flying over, heading south. There should be some good goose hunting out in the Louisiana marshes. A haven for local hunters.

Among those who will be after them are: August and Nickey Rauxet, David Carter, Luke Elliott, Alden Mautray, Joe Church, Mike Willimittis and many others. More about this later.

Did you know that folks in St. Louis have only one lock to three miles to the best fishing and crabbing grounds anywhere. And did you know that fishing is good the year round?

Fred Young will be real busy soon, training and racing horses at the Fair Grounds in New Orleans. Fred lives in New Orleans. The Fair Grounds open on Thanksgiving Day. A lot of our local racing fans will be there.

Was with regret that we read of the death of Col. Dayton L. Robinson. Dayton was from Pass Christian and was a worker with the Boy Scouts for a number of years. He was a brother of Bill Robinson also of Pass.

Mr. and Mrs. Ed Arceneaux celebrated their 50th wedding anniversary last weekend. Ed is a fisherman. He still loves to catch 'em. Makes a trip to Canada each year to get the big ones.

Don't worry how big a fish may be. Little ones are pretty good eating, too.

John Monti, another of our local men, has done his share of fishing and hunting. John learned the hard way and knows a lot about both sports. Ain't like the old days he claims.

A group from the Test Site fishing from Bayou La Marina (which isn't right) were Dick Worth, Lou (Mac) McKorming, McLaughlin, Dave Calhoun, Rod Kollner, Gene Oscar Callegos, Larry Graham, and Jack Hirschburger. Each fishing party had a brown speed hull. Each fisherman caught some fish. Each had oaks, beverages and have you. Fishing was in Bayou LaCroz, Jordan River and Rotten Bayou. Leuder was host. They were back, they said.

Jack Hirschburger who hails from Long Beach is a natural fisherman. He likes to catch any kind of fish, fresh or salt water. Jack has a mighty boat and uses it to advantage.

Morris Daniels from New Orleans, enjoyed catching fish with his granddaddy. Morris doesn't care what kind they are as long as they bite. If we don't eat 'em the cats can, he says.

J. Collier fishes and sells. Being a local boy T.J. knows all the tricks. He usually catches something when he gets out for the old trying pan.

Another bunch were camping in Bayou LaCroz over the weekend. They were eating, sleeping, catching and catching mostly catfish. They had a string of 1 1/2 pounds to 3 lbs. catfish. Names were, Otto, J. West, James, James West, Fredwell and several. Can't vouch for spelling of the names, but they're their own tent and

Will be fine when the duck season opens. Seeing Ponds Doo and a few good ducks up the river, makes your trigger finger itch when you can't shoot them. Like my mother used to say, I knew there would be days like this.

Speaking about fresh water catfish they are hard to beat when it comes to eating them. Skin, cut in small stakes and fry. Delicious. French fries add plenty, plus a can of beer.

Did you know that this is the time to appear. Residents in Canal's Bayou where it runs into the river. On low tide the residents lay on the shelf just before the drop-off. Great sport viewing them. The Bayou is down the way. LaFrasco's Camp has skiffs available and it is a real sport to catch speckled red fish, etc.

Big hard crabs are still giving. They can be caught off the seawall when the tide is

Tolly Euterado, Mr. Isbert of work after a little (please). Don't give up the ship, buddy. It will be needed later to get those big reds and speckles.

Among our lady anglers is Dianne Daniels. Dianne usually gets her share of fish when they are biting. She and Morris go on every occasion.

When freezing shrimp or fish put a little water around them. They will last a mighty

REGISTERED BLACK ANGUS Bull donated to the Hancock County 4-H Club by Mr. and Mrs. Victor N. Thian and Dr. Hewitt A. Thian of the Rocking "T" Ranch at Andley, County Agent John W. Smith has assigned the bull to Paul Harris, club member of Kiln. The county agent will supervise the rearing of the bull and the showing of it at the Southeast Mississippi Livestock Show in February.
(Bob Hubbard Photo).

Bay Man To Head Emergency Communications Organization

Bernhardt Nissen, Jr., WA-5UEG, Bay St. Louis, has been selected to lead an organization of Bay St. Louis, Miss. amateur radio operators prepared to furnish organized emergency communications in time of disasters. It was announced today by Communications Manager George Hart of the American Radio Relay League, U.S. and Canadian association of radio amateurs.

Nissen's assignment, which carries the title of Emergency Coordinator of the Amateur Radio Emergency Corps, is to band together members of the amateur radio service in his community to perfect arrangements for emergency radio communication by hams in the event of natural disasters or other emergencies. In addition to use of fixed radio station equipment working from commercial power, amateur stations use self-powered radio transmitting and receiving equipment as needed and can often deploy portable and mobile units to accommodate a particular emergency requirement. Mr. Nissen as ARRL Emergency Coordinator, will call local meetings of amateurs, establish common operating procedures, and arrange regular drill periods when the hams' personal stations may be mobilized under simulated emergency conditions. His duties also include liaison planning with relief and public welfare agencies, as suggested in working understandings the ARRL Amateur Radio Emergency Corps has with the Red Cross, Civil Defense, and other agencies. Liaison will be established also with local protective services, such as fire and police departments.

In announcing the appointment, Hart pointed out that radio amateurs have traditionally had the responsibility

of being in constant readiness to offer assistance in time of need with ham-acquired skill, emergency-powered transmitters and a wealth of community spirit. "When sleet storms disrupt telephone and telegraph service, or floods isolate whole communities," the League's Communications Manager said, "it is amateur radio that comes to the rescue with operators and self-powered equipment, often as the sole agency able to transmit messages calling on the outside world for aid for the stricken community."

"To be prepared for this function required not only a highly organized program of preparedness locally," Hart continued, "but hams outside the disaster area must be prepared to act as outlets and relay points for emergency traffic. Planning and organization are necessary in either eventuality and that is the job Mr. Nissen is doing for this area."

First Entries Made For Dixie Livestock Show And Rodeo

The first of thousands of entries expected for the 5th annual Dixie National Livestock Show and Rodeo has been received at the Mississippi Coliseum according to H.H. Anisich, executive secretary and general manager of the Mississippi State Fair Commission.

Billed as the largest livestock show east of the Mississippi River, the 1970 Dixie National at the Mississippi Coliseum and State Fairgrounds in Jackson is slated for February 12-21, 1970.

The first entry recorded for the 5th annual Dixie National is Schaeffer Angus Farm of Jackson, Tennessee. Livestock entries during the 1969 Dixie National came from 31 states across the nation.

This year's Dixie National will feature an increased premium list totaling over \$100,000 to breeders of beef cattle, swine and horses. Premium books including a complete schedule of competitions and premium listings have been available through the Mississippi Coliseum for several weeks.

Open show divisions at the Dixie National will include a Register of Merit Hereford Show, Four Star Angus Show, Brahman, Polled Hereford, Shorthorn, Santa Gertrudis, Charolais, Devon, a National Barrow Show, Quarter horses (A.Q.H.A. approved halter and performance), Appaloosa horses and Paint horses.

Also highlighting the 1970 Dixie National will be Tommy Steiner's world championship RCA rodeo and the second annual Dixie National Rodeo Parade.

BRO. AQUIN, S.C.
Bro. Aquin, S.C.
To Attend Confab

Brother Aquin Cauthier, S. C., faculty member at St. Stanislaus High School in Bay St. Louis, Mississippi, will attend the national convention of the Religious Education Association to be held in Chicago, Illinois, from November 22-26, 1969. The theme of this year's convention is "Our Divided Society—A challenge to Religious Education." General sessions and seminars will stress the role of religious education in today's world.

The Religious Education Association is a fellowship of religious and educational leaders of the major faiths and of various disciplines concerned with promoting and improving religious education. These leaders join the REA as individuals and not as official representatives of any agency or ecclesiastical body.

Brother Aquin, son of Mr. and Mrs. Charles E. Gauthier of Baton Rouge, Louisiana, is presently in his fourth year at St. Stanislaus High School, having also taught in schools in Donaldsonville, Louisiana, and Houma, Louisiana. He received a master's degree in Theology from Notre Dame University, South Bend, Indiana, in 1968, and is presently working on a degree in Religious Education at the same university. He is chairman of the Religion Department at St. Stanislaus High School and serves on the Liturgical Commission for the diocese of Natchez-Jackson.

Lt. Harry A. Hodges Receives Assignment

Army Lieutenant Colonel Harry A. Hodges, son of Mr. A. Hodges of Pearlington and Emma E. McGirr of British Columbia, Canada, was assigned October 8th to the U.S. Army Engineer Construction Agency, Vietnam, as an operations officer.

His wife, Ellen lives in Riverside, California.

William F. Mitchell Receives Promotion

William F. Mitchell, son of Mrs. Annie Mitchell and the late Mr. Mitchell, Pearlington, was promoted Oct. 8 to Army specialist four while assigned to the 4th Infantry Division in Vietnam.

Spec. 4 Mitchell is a rifleman in Company D, 1st Battalion of the division's 18th Infantry near Pleiku. He entered the Army in November 1968 and completed basic training at Fort Lewis, Wash., where he was stationed before arriving overseas last May.

The 26-year old soldier was graduated from Valiana C. Jones High School in Bay St. Louis, Miss., in 1962. Before entering the Army, he was employed by Macy's in San Francisco, Calif.

Pass Christian Plans Mardi Gras Parade

by Joe Pilot-Staff Reporter

"Mardi Gras," explains the French dictionary, "is the last day before Lent. A day of merrymaking and carnival in Paris, New Orleans and other cities." "Other cities" definitely includes Pass Christian now planning to present king Christian XXXVII and his Queen at a ball on February 7, 1970, and again on parade on February 9. St. Paul's Holy Carnival Association of Pass Christian has as its president for the 1969-70 term Dr. Charles D. Taylor who was himself King Christian in 1953, ruling with lovely Queen Martha (Sugar) Ford.

During the war years 1942-45 and another war year 1950 the parade did not roll. This year the association is determined that neither rain nor sleet nor snow nor hurricane nor high tides nor wars or rumors of wars shall prevent this cherished day for tossing aside every-day problems to allow The King of Merriment to hold sway. Never, so they say, has a carefree day been more needed by the people who are bothered with the problems created by Hurricane Camille. A few time-honored customs will have to be altered. For one thing the parade route may have to follow Highway 90 rather than the Scenic Route which is now paved with pot-holes. Harry Whitmann, for the third consecutive year, will serve as Grand Marshal and is already taking applications for floats to be in the parade. Wavejand's Krewe of Nereids, winner of first place for the best out of town float during the past two years will again be competing.

The parade theme: The Flag Waved When has been enthusiastically accepted. Flag waving is not only a symbol of patriotism but, now, has added meaning that a destroyed and ravished town is being rebuilt. Carnival officials say they are not yet ready to reveal the method by which King and Queen will be chosen. In former years rival candidates raced for votes counted by the number of dollars brought in through fund-raising campaigns and later contributed to the St. Paul's Sisters of Mercy. Last year's campaign brought in a cool \$17,000. Highest amount ever raised was \$18,300 the preceding year. This year Hurricane Camille changed all that. Some money will come in through the Ad Book of which Wayne James, Jr. in charge, James strives to make this book desirable not only as a program for current carnival events, but as a memento kept through the years. Advertisements are carefully studied and placed and the program is festooned with green, gold and purple carnival ribbons. Also, as a permanent part of the program is a souvenir, a doubloon having on one side a replica of an historic Pass Christian marker with the theme of the carnival carried out on the reverse side. These doubloons are prized collector items and go on sale as soon as the medallion has been struck. Last year's reserve of over 200 doubloons was destroyed during the storm thus the organization begins this season at somewhat a disadvantage. For the past eight years Sally James has Sally Bishop has served as publicity chair-

man for the carnival organization and has compiled and published a fascinating story dating back to early years when the Martine, Bohne, Sutters, Knost, Abbeys and Farrel families played an important part in organizing and promoting the Pass Christian Carnival Association. An able writer, Sally by birth right inherited the title of historian for the group. Her forebears were prominent in affairs of the church and school throughout the years. According to Sally James there was a carnival in Pass Christian as early as 1913, but it was more of a spontaneous affair than the well organized association that formed in the depression year of 1930 to bring a bit of sparkle into an era of Works Projects Administration, non-wall building, high unemployment, and at the same time to promote, aid and support the educational needs within the parochial school.

Cares will again be forgotten on February 8 when floats roll, bands play lively music, costumes glitter, and crowds cheer and yell. "Throw me something, Mister!" The ball, too, promised to be a spectacular with talented Mathilde O'Callaghan in charge of ball room decorations. Dress for that event will be formal without costumes. Mrs. Jean McCallister is chairman of the theme selection. Tom Bourdin the trophies and Richard Allen the doubloons which are being made in New Orleans. Keesler Air Force Base was the first band to make a firm commitment.

Duo Celebration Held At Ramada

William and Briff Hamzy, five and one year-old sons of Mr. and Mrs. William Hamzy Sr., and Robert Maxwell, 11-year old son of Mr. and Mrs. Maxwell Sr., celebrated their birthdays Sunday with a joint party in the afternoon at Ramada Inn.

The refreshment table held a three-tiered white cake trimmed in blue and it was topped with a rocket surrounded by miniature space men. Games and party refreshments were enjoyed by the honorees and 31 of their friends.

Former Bay Resident Returns For Visit

Mrs. Margaret Brokos, former Bay St. Louis resident, who moved to Baltimore, Md., 52 years ago made her first visit back last week.

She was accompanied by her daughters Mesdames Calvin Meyers, Mardell Wengert and Henry Raines, all of Baltimore. Another daughter, Mrs. Harold Armstrong was here several weeks ago. While here Mrs. Brokos and daughters were guests of her nephews Milton Favre and family, Alvin Favre and family and of her nieces Mrs. Eugene Schuengel and family. They also visited another nephew Eugene Favre and family in Kenner, La.

MISS CARLA MARSHALL, daughter of Mr. and Mrs. George Marshall of Perth, Western Australia, graduated on November 11, 1969, from Scarborough Senior High School, Carla, who is a former resident of Bay St. Louis, and attended Bay Senior High School, will return to the United States to attend William Carey College in January.

Officers Elected

Edward Favre was elected president of Our Lady of the Gulf Altar Boys for 1969-70. Others seated were Vic Frankiewicz, vice president; Dale Ladner, secretary; David Jones, treasurer and Alvin Lafontaine, Mike Favre, Walter Brizzard, Nils Blaise, Alan Lagarde, Michael Battalora and Michael Haas, committeemen.

Now—TODAY—You Can Enjoy FLAMELESS ELECTRIC HEAT!

This is it! That day is here—that day to cheer! Electric heat is here to warm your home gently, evenly...like sunshine. No drafts. No cold spots. Your walls, drapes, and upholstery stay cleaner because electric heat generates no dirt. The cost of operation is reasonable, too. Electric heat is flexible...and there is a minimum of inconvenience during installation.

Your Family Has A Choice Of Five Different Electric Heating Systems For Tailor-Made Comfort—

HEAT PUMP
The most modern and efficient type of installation — heats in winter, cools in summer.

WALL PANEL
Warmth is radiated throughout the room by heating elements fused in glass or metal surfaces or heating coils behind decorative grills.

ELECTRIC FURNACE
A compact, comfortable heating system which may be combined with central air conditioning for year round use.

CEILING CABLE
Thin wires concealed in the ceiling radiate a gentle even warmth. Heat can be controlled by individual thermostats.

BASEBOARDS
Concealed electric elements controlled by individual room thermostats distribute heat by both radiation and convection.

Before You Build or Remodel, Get All The Facts About Electric Heat. Contact one of our Residential Sales Representatives. No obligation.

Senior Girl Scouts Host Skill Day

By Patti Brameyer - Girl Scout Reporter

Skill Day, a event conducted by Senior Girl Scout Troop 123, was held last Saturday on the grounds of the Gulfside Methodist Assembly and attended by 41 Junior Scouts who came from Waveland, Bay St. Louis and Pass Christian. The girls were met by Senior Scout Suzanne Farve and registered by Peggy Fewell. After registration a brief introduction was given by Mrs. Jean Wood, supervisor, then the girls were assigned to their respective stations. There were four stations, each headed by members of the senior troop. They were Knife & Ax--Debbie Longo; Knots--Eileen Howe, Bobbie Fayard, Tents--Gail Longo, Patti Brameyer, Firebuilding--Pam Thomas. Each station lasted approximately 45 minutes, the girls, divided into four separate groups, were rotated so that each group was able to attend all four stations. After the first two stations, everyone broke for lunch, during which singing and friendly conversation was enjoyed until it was time to resume the final stations.

The senior troop feels this Skill Day fulfilled its many purposes, the chief ones being to bring girls from all over closer together, to increase their knowledge of outdoor skills, and to heighten interest in Girl Scouting program. Similar programs are planned for the future.

Junior College Championship At Stake

The battle for the State Championship will be decided Friday, November 21, when a fired-up Pearl River Junior College Wildcats face Holmes Junior College Bulldogs at 8:00 p.m. in Piquette.

If the Wildcats defeat the Holmes boys they will be the undisputed State Champions. A loss to Holmes and PRC will share top honors with East Mississippi Junior College.

The game was originally scheduled for September 13 in Poplarville, but due to extensive damage to the Doble Holden Stadium on the Pearl River College campus, the game was postponed to the end of the season.

Homemakers Meeting Held

Bay St. Louis Young Homemakers met Wednesday night in the home of Mrs. Donald Baker with Mrs. Karry Smith, president, presiding. Members worked on their program for the month, making plaques featuring waxed fruit.

The group discussed their project to obtain a school bus for children in lower grades who have to cross the highway in order to get to North Bay School.

Following the brief business session a social hour was held.

Hawks Take Runnelstown 22-2

The Hancock North Central Hawks easily defeated the Runnelstown Tigers at Runnelstown Friday evening, November 7, by a score of 22 - 2.

Studio Officers Named

Club, November 15, in the home of Mrs. Robert Teague, Warren Sack was elected president; Rene Whittington, vice-president; Deborah Lanzo, secretary and Laveria Benigno, program chairman.

Mrs. Teague explained the particulars concerning participation in the Music Festival at William Carey college, March 7, 1970.

Announcement was made of the Christmas Organ Program at four o'clock P.M. December 14 and a demonstration in dynamics and accents was made.

Members were requested to bring photos for the year book.

Guests were Mrs. J.P. Redo, Mrs. B. Durbin and Mrs. Kenneth Teague.

All Hawk scores came in the first, second and third quarters on touchdowns by J.W. Rawls. There was no PAT in the first quarter but in the other two quarters Lionel Haynes made a running two-point conversion after each TD.

The Tigers made their two points in the fourth quarter when they blocked a Hawk punt in the end zone.

Quarter scores:
Hawks 6 8 8 0 - 22
Tigers 0 0 0 2 - 2
